

SUBSCRIPTION SERVICES

TRACK ANYTHING, ANYTIME, ANYWHERE

October 2016

Detailed Subscription Service Description	Subscription available on
COMPULSARY MINIMUM SUBSCRIPTION SERVICES:	
Real-time & History Tracking Monitor the whereabouts of your devices in real-time or history on a Google Maps platform that also provides you with satellite imagery, street view and live traffic feedback.	All devices
SIM Card (Data, Voice optional extra) Selftrack provides all devices with a machine-to-machine SIM card that gives you access to unlimited tracking, ensuring you are always live! Voice activated SIM cards are available on request should it be required. A roaming or universal SIM card is available for cross-border or other country operations.	All devices (excludes voice)
Panic-, Battery Tamper- & GPS/GSM Alert Mobile APP (IOS & Android) Battery Level Certain alerts are regarded as 'critical' services and Selftrack therefore include these services completely FREE of charge! Selftrack's MOBILE APP for IOS and Android phones keeps you in contact with your devices at all times.	All devices
OPTIONAL ADDITIONAL SUBSCRIPTION SERVICES:	
Stolen Vehicle Recovery (SVR) Accredited by almost all major Insurers, users qualify for a significant deduction in insurance premiums when Selftrack is installed. Our 24/7 call centre ensures your car can be recovered when an emergency is declared or when an automated alert has been triggered such as battery tamper or unauthorised movement (requires optional additional subscription).	All Vehicle Tracking Devices
Reports & SARS TAX Logbook Multiple reports are available to print, export to PDF or Excel or schedule reports in order to receive it by email automatically daily, weekly, monthly or all. Reports include Trips, Devices, Alerts, Contacts, Places and other information available on the system	All Vehicle & Personal Tracking Devices
Speed Alert Set the speed allowed on a device for Contacts to receive alerts by SMS and/or Email.	All devices
Movement Alert Acting as an additional 'watchdog', activate the movement function when you leave your car. When unauthorised movement is detected, the Recovery Call Centre will be alerted automatically (subject to SVR subscription) and all Contacts selected will receive the SME/Email alerts triggered.	All devices
Geofence Alert User can create Inside (safe) and/or Outside (danger) areas directly on the map and set Contacts to receive alerts when conditions are violated.	All devices
Driving Behaviour ('Green driving') In order to minimise vehicle abuse, Selftrack offers the user feedback on harsh acceleration, -braking and -cornering through the device's three axis accelerometer.	Driver Transport Trascon
Driver ID Management Have a touch probe installed in order to record which driver has used which vehicle. Includes one key fob, but additional fob's may be purchased.	Driver Transport Trascon
Immobilisation Car Rental Operators can now ensure their no-pay, no-drive policy. Immobilise your vehicle when unauthorised movement is detected	All Vehicle Tracking Devices
